### SUMMARY

---

Curious and motivated web developer with hands-on experience in Laravel, Node.js, and WordPress. I developed my skills through university and freelance projects, mastering responsive design, API integration, and full-stack deployment. Learning by doing, I built academic tools with Laravel and real websites for clients via WordPress.

### PROFESSIONAL EXPERIENCE

---

#### Full Stack Developer *Freelancing* 2022 – Present

- Delivered a Node.js-based invoicing system that streamlined operations by syncing data between platforms, improving accuracy and reducing manual effort through automated API connections.
- Developed and customized WordPress websites using Elementor and WooCommerce, delivering responsive designs, optimized performance, and seamless user experiences for e-commerce and content-driven platforms.
- Collaborated with backend and DevOps teammates to integrate with cloud infrastructure providers such as Azure, AWS, Render, and GoDaddy, enabling smooth and reliable provisioning of on-demand servers.
- Created user-friendly documentation to guide developers and clients in setting up, deploying, and managing the system efficiently.

#### Mobile App Developer *Freelancing* 2023 – Present

- Built custom native Android applications and distributable APKs for clients using Kotlin, including a third-party Binance trading app that integrates with the Binance API and features an automated 24/7 trading engine, enabling users to create and run their own custom trading strategies.
- Developed a Kotlin monitoring app that forwards incoming WhatsApp, Telegram, SMS, and phone-call alerts to email in real time, keeping users notified across all channels from a single inbox.

### SKILLS

---

- **Programming Languages:** JavaScript, TypeScript, Node.js, PHP, Kotlin, Dotnet
- **Frameworks & Technologies:** React, React Native, Next.js, Express.js, Laravel, WebSockets
- **Databases:** MongoDB, SQL Server, MySQL

### PROJECTS

---

I'm a web and mobile developer. You can explore my full portfolio of projects, with live demos and case studies, at [issamansour.com](https://issamansour.com).

### EDUCATION

---

#### B.Sc. in Science 2022/09 – 2026/06

Antonine University • Graduated
